Greetings to all past and present students, we hope you are looking forward to the Christmas New year festive season celebrations with your friends and families.

We realize that it has been some time since our last newsletter, but there are some good reasons for this.

Firstly, the Australian Government has released new Visa processes, streamlined Employer sponsorship processes, and has committed millions of dollars to assist all areas within the Aged Care industry.

I also spent 4 months in Australia for business and personal reasons visiting seven Aged Care facilities along with attending board meetings with our new Directors and other stake holders, planning 2024 intake of Filipino Health workers into Australia and meeting with the Educare team and students in Brisbane as you will see later in this newsletter.

TAKE UP THE CHALLENGE AND FULFILL YOUR DREAMS.

Victorian Regional Aged Care Facility Visits.

Warrnambool

I also spent 2 weeks traveling around the “Great South Coast” region, the center of which is Warrnambool.

Here towns such as Colac, Mortlake, and Terang fall under the new Designated Area Migration Agreement “DAMA” that allows Filipino Health workers easy access to work in this region, living in country Victoria with clean air and great local schools.

Filipinos know this area as a “province” except you could fit all the Philippines 7001 Islands with our 110,000,000 people into the state of Victoria and still have plenty of land to spare.

So, who wants to be the first to go?

New Minimum Wages on most Skilled Visa jobs

Recent announcements mean the old minimum wage for Overseas workers of \$54,000 will be increased on the new Skilled Visas to \$70,000!

There is room however for companies in certain conditions to request the old rate be held. We understand this will be mostly in the hospitality industry and in some areas of Aged Care, but it is VERY good news.

SC407 Training Visa what does it mean for you.
